

18 October

- 13:30-22:30 Registration
- 13:30-17:30 Pre-Conference
- 19:00-21:00 Cases Sharing on Rare Disease and MDT Discussion: Rare diseases of the nervous system (online)

19 October

- 09:00-12:00 Opening Ceremony and Main Forum
- 12:20-13:00 Workshops
- 14:00-17:00 High-Level Dialogue (Closed-door meeting)
- 13:30-17:00 Sub-forum 1
The third plenary meeting of the first committee of Chinese Hospital Association Rare Disease Specialized Committee and the academic exchange meeting on the construction of rare disease disciplines
- Sub-forum 2
Management of supply and demand of rare disease drugs under innovative models
- Sub-forum 3
Innovative practices in rare disease research and drug management under scientific supervision
- Sub-forum 4
Guidelines Release and Construction of rare disease ecosystem under collaborative model
- Sub-forum 5
The third annual meeting of DMD/BMD expert group of china alliance for rare diseases (CHARD): Academic exchange conference on frontier progress in DMD/BMD diagnosis and treatment
- 13:30-15:30 Closed-door Meeting 1
The world's first deuterium, braking with deuterium: opening a

- new era in the treatment of rare movement disorders in the neurological field
- 13:30-17:00 Closed-door meeting 2
Seminar on Access to Innovative Drugs for Rare Diseases
- 18:00-21:00 Closed-door meeting 3
Seminar on innovative treatment of non-factor hemophilia
- 19:00-21:00 Awards ceremony for competitions of popular Science, light of life patients' works, and rare disease case collection
Closed-door meeting 4
Seminar on standardized diagnosis and treatment of IDH mutant Cases Sharing on rare disease and MDT discussion: Rare respiratory diseases
- 20 October
- 09:00-12:00 Pre-conference of international rare disease conference of china(IRDCC) and academic exchange conference on innovation and development of global rare disease research
Sub-forum 6
Special Session on the establishment of MS/NMOSD Center
Sub-Forum 7
Special Session on Diagnosis and Treatment of Rare Diseases and Growth and Development Disorders
Sub-forum 8
Exploration of accessibility and diversified protection paths for rare disease drugs and precision diagnosis and treatment of vasculitis
Sub-forum 9
Special session on the diagnosis and treatment of rare diseases in the digestive system and hereditary angioedema (HAE)
Sub-forum 10
Special session on complement and multidisciplinary application diagnosis and treatment
- 09:00-11:00 Closed-door meeting 5
Seminar on the construction of rare disease diagnosis and treatment system and high-quality development of hospitals
Closed-door meeting 6
Seminar on Rare Disease Fund Budget
Closed-door meeting 7

- Seminar on Advances in Diagnosis and Treatment of Hemophilia A
- 12:20-13:00 Rare Disease Case Sharing
- 13:30-17:00 Sub-forum 11
Special session on frontier diagnosis and treatment of myasthenia gravis
- Sub-forum 12
Special session on construction of tiered diagnosis and treatment system for Hemophilia
- Sub-forum 13
Special session on diagnosis and treatment of rare neurological diseases
Session 1-Frontier Diagnosis and Treatment of Rare Neurological Diseases & Session 2-Neuromuscular Diseases
- Sub-forum 14
Special session on diagnosis and treatment of rare respiratory diseases
- Sub-forum 15
New drug development and clinical diagnosis and treatment progress of rare tumors
Session 1- Standardized diagnosis and treatment of gastrointestinal and pancreatic neuroendocrine tumors & Session 2- New progress in diagnosis and treatment of tenosynovial giant cell tumors
- Sub-forum 16
Exploration of rare disease protection model under multi-channel financing
- 13:30-16:00 Closed-door Meeting 8
Seminar on the current status of diagnosis and treatment of recurrent pericarditis and clinical drug security
- 19:00-21:00 Cases Sharing on Rare Disease and MDT Discussion: Rare diseases of the nervous system (online)
- 21October
- 19:00-21:00 Cases Sharing on Rare Disease and MDT Discussion: Genetic metabolism and endocrine rare diseases(online)

22 October

19:00-21:00 Cases Sharing on Rare Disease and MDT
Discussion: Rare cardiovascular diseases

23 October

19:00-21:00 Cases Sharing on Rare Disease and MDT
Discussion: Rare diseases of the nervous system
(online)
